### **Reasons for Allowance**

Applicants' response to the last Office Action, filed on August 12, 2005 has been entered and made of record.

The following is an examiner's statement of reasons for allowance:

Independent claim 1 is allowable over the prior art of record. Claims 3-10, 13-17 depend from claim 1, therefore, are allowed.

Independent claim 1 recites the limitations of : f(x) equation for picture quality ration. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest references of the article to Lakahani et al. and the article to Minami et al. disclose a method of rating picture quality. However, They do not teach the limitations of cited above.

In view of the amended claims and the Applicant's arguments , the rejections and objections to claims 1, 3-10, 13-17 are expressly withdrawn.
